

# Spagyric Energy Remedies

---

Spagyric Energy Essences are an evolutionary and alchemical blend of natural medicine which incorporate homeopathy (also known as bio-regulatory medicine), herbal therapy, TCM, flower essences and aromatherapy. This particular form of Spagyric's are produced by a company called Phylak based in Switzerland where they are distilled and blended to offer emotional, physical and spiritual vibrational **Energy Remedies**. One of their many benefits is that they are safe to use throughout hormonal health imbalances including fertility, assisted conception, pregnancy and birthing journeys because there are no contra-indications. Personally, I am particularly fond of them because they work on the emotional, physical and spiritual aspect – not all aspects of ill health are connected with the physical. Often you become ill due to an emotional or meta-physical reason – such as being run down, hurt, angry, feel betrayed etc, past trauma, unresolved conflict with self or others or due to a fear whether it is conscious or unconscious.

So how can you use them? In many formats. I tend to work with them on a personalized basis for you – based on your birth date or asking you to choose remedies intuitively using a testing kit or through the use of my Taweret Fertility Oracle Cards. More about these later!

Here are some suggestions:

**Immune Health** Each year the immune regulating Spagyric remedies are adapted to suit the present viral and bacteria related health issues. I have found Spagyric remedies to offer perfect immune boosting remedies to help protect you and all the family during the winter months. At the present time the remedy is called **PS117.1 and it has 3 additional ingredients – Vinca, Rhus Tox and Juniperus**.

- Rhus- Tox – a great anti-inflammatory remedy for skin, mucous membranes and acute rheumatic or joint pains. It is a great support for ear, nose and throat issues.

- Juniperus is an anti-infections essence, particularly helpful for chest and lung infections and the respiratory tract. It also supports the lymphatic system, the all important liver and digestive organs.
- Vinca – the Lesser Periwinkle. The word Vinca comes from the Latin Vincere and means to overcome, to vanquish! Its two principle points of impact are the dysfunction of the immune system and autoimmune infections.
- Spagyric remedies can be used in a variety of ways – taking them in water like a tincture – spraying them around you and also transdermally this can be in bath water or in a cream.
